8. He _____ at a private school. (no / study)
9. He _____ baseball with his friends at school. (no / play)
10. His favorite class _____ Math. (no / be)

Be Regular!

The regular conjugation for verbs in the past simple is -ed but many verbs are irregular.

Don't Be Negative!

To make a negative statement in the past simple we use

didn't + verb

I didn't play...

She **didn't like...**

Except with the verb to be we add "not" after the verb in negative statements:

I was not strong enough.

She **was not** at home.
